## Stand-Alone Bowler Notifications (How to turn them off)

Connect a USB standard computer keyboard and USB mouse to the stand-alone VLC, and then press the ESC key.

You will see this screen below.

Click the Explorer button, and browse to the folder called:

## C:\VisionSettings

Details							

Near the bottom of this file, you will see these settings below.

To turn off all notifications, look at the highlighted items below in YELLOW and set them to ZERO in between the > < symbols. Your files might be currently set to -1 or other numbers, so to disable all of these notifications, the number needs to be set to ZERO. Use the number 0 key, not the letter O.
